

Academy Membership – Pathway into Golf

The Academy package offers a route for beginners to progress at their own pace towards full membership, designed to make the transition into golf as smooth, flexible and enjoyable as possible. Full details are shown on the separate documents but the basics are as follows:

The initial stage is a twelve-month membership which includes:

- Four “taster” sessions.
- A series of “get into golf” sessions run by our professional team.
- Access at “off peak” times to play golf on the Deer course.
- Access to all of our practice facilities, including an open-air driving range, putting green and a practice chipping green as well as three short practice holes.

Our professional team under our head pro Sarah Walton are always on hand to give help and advice to those who request it.

After completion of the first year, Academy Membership will progress to full membership rights at a discounted rate of 12.5% off the applicable subscription rate.

In year 3 you will become a full paying member of Belton Park Golf Club and be able to enter all club competitions and have the possibility of playing in various club matches.

The cost of Academy Membership is as follows:

Year 1 – £349

Year 2 – Applicable subscription less 12.5%

Year 3 – Full subscription
